

Facilities

The students of the IM department are provided with excellent research environment; state-of-the-art computer and laboratory equipment, internet connection in the entire department including connection to Taiwan academic internet sites. Students can use their internet account offered by NTUST to do email and research. Laboratory equipment is mainly available at the Computer Laboratory in the 2nd floor of the Management School Building. These can also be found in the General Research Laboratory, Human Factors Laboratory, Human Machine Interface Laboratory; that are all located at the basement of the same building. These fully support the students to perform a wide variety of experiments and theory-verification activities.

* MA001 Service Innovation and Experience Laboratory

Location: MA001

Introduction: This Lab is mainly for the research and discussion on the issues in cutting-edge areas of health care, innovation services, and also for service experience observation, to design user-friendly products and service through the new concepts of "design", "service", "human factors", "innovation".

* MA009 Lean Systems Laboratory

Location: MA009

Seats: 20 people

Facilities: two assembly lines, desktop, wireless microphone and projector

* MA010 Creativity Brainstorm Lounge

Location: MA010

Introduction: Equipped with sofas, round-tables and graffiti wall, the lounge enables students to, while waiting for classes or group discussions, take a rest, discuss and have a brainstorm.

* MA101 Harvard Case-study Classroom

Location: MA101

Seats: 56 people

Facilities: desktop, wireless microphone and projector

* MA207 Case Classroom

Location: MA207

Seats: 40 people

Facilities: desktop, wireless microphone and projector

* MA213 Seminar Room

Location: MA213

Seats: 7 people

Facilities: white board, projector (Please bring your own NB with you.)

* MA215 PC Laboratory

Location: MA215

Seats: 56 people

Facilities: 57 desktops, 6 laser printers

* MA216 Seminar Room

Location: MA216

Seats: 12 people

Facilities: white board, projector (Please bring your own NB with you.)

* MA417 Seminar Room

Location: MA417

Seats: 30 people

Facilities: white board, desktop, wireless microphone and projector

* MA419 Seminar Room

Location: MA419

Seats : 30 people

Facilities : white board, desktop, wireless microphone and interactive projector

* Intelligent Operations Center

Location: MA128

Seats : 24 people

Facilities : War Room system, Industry 4.0 experiment model, white board, desktop, and projector

*** Smart Manufacturing Laboratory**

Location: MA126

Facilities : Flexible assembly process (Industrial robot, Collaborative robot and Automated Optical Inspection)
